VOLTURNO BURNS IN MID-OCEAN---136 LOST

521 PERSONS ARE SAVED FROM DEATH

Wireless Called Ten Ships to
Aid Helpless Liner Ablaze
on the High Seas

BURNED TO WATER'S EDGE THEN SANK FROM SIGHT

Many Hemmed in by Fire—
Others Plunged Into Sea—
Life Boats Wrecked

LIVERPOOL, Oct. 11.—The Royal line steamship Volturmo burned to the water's edge and sank in mid-ocean yesterday morning. One hundred and thirty-six of the passengers and the crew are unaccounted for and are believed to have perished. Five hundred and twenty-one persons were saved, when other vessels responded to wireless messages. News of the disaster was received by wireless from the Cunarder liner Carmania. Fire was discovered at 9:50 o'clock Friday morning and wireless messages were sent out immediately for help. The fire spread so rapidly that many people were caught below decks before they could escape. Scores of people leaped into the sea.

The Volturmo burned in almost the same spot where the Titanic sank. The rescuing liners have started to port with the Volturmo survivors. The majority of the lost are believed to be steerage passengers.

The rescue ships found one hundred people huddled in life boats and rafts while the Volturmo burned nearby. Before all survivors were rescued ten liners had clustered about the wreck. The Volturmo sank in latitude 48 degrees, 25 min. north, longitude 34 degrees 33 min. west.

Various ships reporting the death toll, agree on 521 rescued, the missing lists varying from 131 to 136. The ship was bound from Rotterdam to Halifax and New York. The lists say the Volturmo carried 650 passengers and a crew. A fouled propeller is reported as the cause of the fire.

The survivors of the Volturmo were picked up by ocean liners as follows. The Carmania, eleven; the Latourine, forty; the Minneapolis, thirty; the Rappahannock, nineteen; the Cear, 120; the Naragansett, twenty-nine; the Revonian, twenty-nine; the Kronland, sixty, including the captain, chief, second, third and fifth engineers, and two wireless operators; the Gorseur Kurfurst, 105; the Seidlitz, thirty-six.

The first wireless came from Captain Barr of the Carmania, reading: "The Volturmo bound from Rotterdam to Halifax and New York with six hundred emigrants is on fire, and abandoned Friday night. Two hundred and thirty-six passengers missing." The captains of the other ships transmitted the messages through Captain Barr. A mistake in figures is believed responsible for the larger list of missing. One hundred and thirty-six is correct according to the passenger list obtained here. The Volturmo was 3262 tons, and was built in 1906. She is the property of the Canadian Northern Steamship Company, known as the Royal Line, and was leased to the Uranium Steamship Company of Rotterdam.

Corrected List
NEW YORK, Oct. 11.—The Uranium Steamship Company has issued a corrected statement showing twenty-four first cabin, 540 steerage passengers, and a crew of ninety-three, with 657 persons as the total carried by the Volturmo.

Mental Clinics Saving People From Insanity

CLEVELAND, O., Oct. 11.—Through "mental clinics" the Cleveland hospitals are daily saving scores of men and women from suicide or the insane asylum. They are daily convincing people who come to them with the idea that they are victims of some dangerous ailment that their physical and mental health is normal. It is a new idea—this mental surgery, but it is working.

Persons who come to the hospitals imagining there is only a dark future before them are questioned along various lines and given advice and such recommendations as a change of work, more play, change of residence or mode of living and are sent away filled with hope and ambition. In endorsing the "mental clinics" hospital heads use the argument: "that it is cheaper to keep a person out of the hospital than to care for one in the hospital."

WANT DISTRICT PAVE TUSTIN AVENUE

Talk of Improving That Street
From First to Town
of Olive

MATTER CONSIDERED BY THE AUTHORITIES

Road Runs Through As Fine a
Section as Orange County
Has to Show

There are people who live along Tustin avenue who want that avenue paved from Fourth street north to the town of Olive. There is talk of forming an assessment district through which funds for the work may be raised.

Tustin avenue runs through some of the finest orange groves of the county. It is an avenue that is improved by orchards practically every bit of the way from the south end at First street, Tustin, to the north end at Olive.

The county authorities have been asked to look up the law on the assessment district plan, by which a district can be formed and money raised by bonds or direct tax for building the road.

As the state highway plans now stand, the state road will run east Fourth street to Tustin avenue, then south to First street. The road proposed to be built will join this road at Fourth street.

Tustin avenue extends from First street northward, with a jog at Seventeenth street, to the city limits of Orange. A mile and a half of the avenue lies within the city limits of Orange. From Collins avenue, the north city limits of Orange the avenue extends to Olive. From what meager information there was obtainable, it seemed that it is not proposed to include the portion of the avenue that lies in Orange.

The matter is somewhat in embryo as yet, but that there is a plan being discussed is shown by the fact that the matter has been put up to the county authorities.

MRS. PANKHURST SAILS FOR U. S. TODAY

Believes She Will Be Allowed to
Enter Country That Stands
For Liberty

HAVRE, France, Oct. 11.—Mrs. Emmeline Pankhurst, now under a three-year sentence in England, but out on the "Cat-and-Mouse" act, today sailed on the French liner Provence for America. She was accompanied to the pier by a score of friends and militant supporters. The leader of England's militants declared today that she has no fear of being stopped by the United States immigration officials at New York.

"The United States stands for freedom, and the country was built on the foundation of a revolution of bloodshed caused by political oppression and inequality of classes," said Mrs. Pankhurst today. "For these reasons, and because the United States stands for what it does, I feel certain there will be no unfairness shown me. The United States adopted as its slogan during its revolution against the oppression of King George III of England, 'Taxation without representation is tyranny.' It will seek to keep out no person who is fighting King George V of England for the same reason."

Mrs. Pankhurst reaches New York October 18. Some suffrage organizations of America have declared against supporting Mrs. Pankhurst on account of the militancy of her methods. Others declare she and the women associated with her, have taken the only course left to them.

ATHLETICS WIN WORLD'S SERIES

Took Championship in Score of
3 to 1—Eddie Plank, Star
Player of Game

CARRIED FROM FIELD ON TEAMMATES' SHOULDERS

Played Most Masterly Game of
Career—"Matty's" Play
Also Gilt Edged

POLO GROUNDS, NEW YORK, Oct. 11.—Eddie Plank pitched Mack's Athletics into the world's championship today, twirling the most masterly game of his thirteen years on the diamond. He defeated another brilliant veteran, Christy Mathewson, who pitched almost as gilt edged ball. There was not a single error in the game, errors being responsible for all the scores on both sides. Plank would have had a shut-out but for a pop fly he dropped himself, paving the way for the Giants' only run. McLean, who has hit like a demon throughout the series, and Matty got singles off Plank. The efforts of the other Giants were puny. They popped up and bobbed to the infield, rarely connecting for anything like a drive.

At the conclusion of the game his teammates carried Plank from the field on their shoulders, fighting their way through a mob of admirers, with Matty also fighting his way behind them to grasp the hand of the victorious Plank.

Plank easily weathered every storm. Only twice did the Giants threaten, then his infield backed him superbly with lightning double plays, shattering the Giants' hopes. The game was fast, and both infields worked faultlessly, although Doyle showed signs of wear and bobbled once. Jack Coombs, the sick Athletic pitcher who lay on a hospital cot receiving the returns, inning by inning, by telegraph, frequently wired from Philadelphia, sending his teammates cheer. The wires were read between innings to the Athletics. A message from Coombs just before the ninth inning declared he would be ready to pitch the first game in the 1914 world's series.

HUERTA, DICTATOR--- SUSPENDS CONGRESS ---DEPUTIES JAILED

Huerta 'Announces New Senators and
Deputies Will Be Chosen---
Envoy Lind Pessimistic

MEXICO CITY, Oct. 11.—President Huerta today assumed the practical dictatorship of Mexico, declaring both houses of congress suspended. He announced that new senators and deputies will be chosen at the general election to be held on October 24.

DEPUTIES ARRESTED AND
TAKEN TO PENITENTIARY
At 6 o'clock last night all the members of the chamber of deputies, except such as belong to the Catholic party, were put under arrest. The members of the Catholic party were permitted to go to their homes. The others were taken to the penitentiary.

The number of those arrested was one hundred and ten and was brought about at the order of President Huerta. Great excitement prevailed throughout the city last night. Storekeepers everywhere put up the iron shutters that were used during the bombardment. Trouble was expected momentarily, but the police and soldiers were alert and ready for any emergency.

Cause of Arrest
The one hundred and ten members of the chamber of deputies, who were arrested were those who had signed resolutions of warning to President Wilson's confidential agent, the identical Huerta as the result of the appearance of Dr. Belisario Dominguez.

senator for Chiapas. Huerta demanded the withdrawal of the resolution, saying that he could do no less than consider the resolution an act of unjustified aggression and transgression of the rights of the other two powers—the executive and courts. The resolution of the deputies had carried the threat that the deputies would abandon the capital, owing to an alleged lack of guarantees for their personal safety.

Before the regular opening of the session of the chamber at 4 o'clock yesterday afternoon, the basement and roof of the building had been packed with troops. Scores of police were scattered through the gallery.

WASHINGTON, Oct. 11.—That all indications point to the October election in Mexico proving a failure, and that the probable outcome will be a reaffirmation of Gen. Huerta's status as constitutional ad interim president, is, in a nutshell, the analysis of the Mexican situation conveyed by Mr. John Lind in a lengthy cablegram to President Wilson.

Mr. Lind reports conditions at Mexico City as gradually but certainly growing worse. According to President Wilson's confidential agent, the financial situation at the capital is reaching a critical stage.

Michigan Diocese Proposes
Marriage Bans and Health
Certificate

NEW YORK, Oct. 11.—The question of eugenic marriages was taken up before the general convention of the Episcopal Church of America yesterday at Synod Hall of the Cathedral of St. John, the Divine.

The diocese of Michigan introduced an amendment to Canon 39 which would require "before the solemnization of a marriage by a minister of this church, first, the publication of the banns of marriage in the church or the publication of civil license in a newspaper, and secondly, the presentation on behalf of each of the parties desiring to be married of a certificate from a legally practicing physician certifying that he or she is normal mentally and is not afflicted with a disease rendering marriage inadvisable."

The amendment was referred to the House of Bishops.

RIVERSIDE'S FAIR SUCCESS—NOW TO BE ANNUAL EVENT

RIVERSIDE, Oct. 11.—That the Riverside County Fair will be made an annual event was assured yesterday when 6000 people assembled in Chawawa Park, crowding good naturedly for advantageous positions in grandstands or elsewhere to see the Indian dances, races, floats and other features furnished by 400 Indians of Sherman Institute. Today closes the 1913 fair.

COLLEGE WIRELESS SERVICE SOUGHT BY KANSAS STUDENTS

MANHATTAN, Kans., Oct. 11.—Students of the Kansas Agricultural College today are investigating the possibilities of an inter-collegiate wireless exchange of football results. The students particularly want results of today's Nebraska-Aggie game by wireless.

Nearly every college or university in Missouri valley is equipped with a wireless outfit belonging to the physics department or School of Electrical engineering. If the college papers succeed in securing the use of the wireless at stated periods and the exchange of football results proves a success, many believe it will lead to a co-operative collegiate news association.

100,000 ACRES OF HOMESTEAD LAND

Government to Throw Domain
In the Antelope Valley
Open Soon

LOS ANGELES, Oct. 11.—Word was received in Los Angeles yesterday that 100,000 acres of land in Antelope valley, near Hesperia, in the northern part of Los Angeles county, would soon be thrown open to homesteaders. Those who already have taken up their residence there would be given first choice of the entries.

Until April 29 this land was a part of the forest reserve. Many ranchers in that section have obtained water by boring wells, and almost all of the land, it is claimed, will prove exceedingly productive.

PICTURESQUE SPOT TO FURNISH LIGHT, POWER TO CAPITAL

WASHINGTON, Oct. 11.—Great Falls, one of the picturesque spots in the environs of Washington, will be harnessed and made to furnish light and power to the capital, provided congress is favorable to a recommendation to be made to it by the commissioners of the District of Columbia. The total cost, it is estimated, will approximate \$15,000,000.

PLAN REFORM IN PRISON LIFE

More Liberal Note on Care of
Prisoners to Be Sounded
at Convention

FORMER VICE PRESIDENT TO PRESIDE AT OPENING

Governors and Prison Officials
to Address Convention on
New Prison Ideas

INDIANAPOLIS, Oct. 11.—A new, a more liberal note on the care of prisoners was sounded by speakers before the annual meeting of the American Prison Association, which convened here today. Wage systems and honor systems for prisoners, prison schools and educational work, the employment of prisoners following their discharge, paroles, up-to-date medical inspection and care, the mental factor in crime and prisoners' aid were among the subjects to be discussed during the three daily sessions which will be held next through Thursday.

At the formal opening session this evening, former Vice President Charles Fairbanks of this city is to preside. Following addresses of welcome by Chairman Fairbanks, Governor Samuel A. Ralston, of Indiana, and Mayor Samuel L. Shank of Indianapolis, James A. Leonard, president of the American Prison Association will read his annual address. He is superintendent of the Mansfield, O., State Reformatory.

Governors of many states and the leading wardens and reformatory heads in the United States and Canada are expected among the thousand delegates and visitors who are here to attend the meetings. Vice President Marshall is scheduled for an address Monday afternoon. Governors Cox of Ohio, Eberhart of Minnesota, Bleas of South Carolina, Ferris of Michigan, Hatfield of West Virginia, Dunne of Illinois and McCreary of Kentucky are to speak.

Women will play a prominent part in the discussions during the Prison association's meetings. Mrs. Maude Ballington Booth, of New York City; Mrs. D. A. Sullivan, superintendent of the Andrew Mercer Reformatory, Toronto, Canada; Miss Elizabeth Kite of Vineland, New Jersey, and Mrs. Jessie D. Hodder, superintendent of the Women's Reformatory at Sherborn, Mass., are on the program for addresses. Miss Julia C. Lathrop, director of the Federal Children's Bureau, was unable to attend the convention.

The opening session tonight will be held in the hall of the House of Representatives at the state house, and afterward Governor and Mrs. Ralston will hold a reception in the executive parlors. A mass meeting at Tomlinson Hall will be tomorrow's feature with addresses scheduled by Vice President Marshall, Professor Charles R. Henderson, of the University of Chicago, and Mrs. Maude Ballington Booth.

The National Prisoner's Aid Association will hold its annual meeting Thursday afternoon.

NATION'S W. C. T. U. TO FIGHT MORMONISM TO THE LAST DITCH

GALESBURG, Ill., Oct. 11.—Branding Mormonism as "an agent to degrade womanhood," Miss Helen L. Hood of Chicago, in the president's address to the fortieth annual meeting of the Illinois White Ribboners here yesterday, declared that the W. C. T. U. would never rest so long as there are any "American harems" of the Mormon sect remaining. Miss Hood said that 727,000 Mormons held the balance of power in seven western states.

JUDGE MATT ALLEN DIED YESTERDAY FROM PNEUMONIA

LOS ANGELES, Oct. 11.—Matthew T. Allen, presiding judge of the District Court of Appeal of the Second District and one of the best known jurists in California, died yesterday afternoon at 5:30 o'clock at his home, 4972 Pasadena avenue.

The immediate cause of death was pneumonia, which was contracted Thursday. The judge had been ill in bed for more than two weeks, however, and his physician, Dr. W. W. Hitchcock had been in frequent attendance. Death came unexpectedly,

EL PASO ASKS HER TO SOAR

Santa Ana Aviatrix Receives Offer of \$1000 For Flights

Mrs. Florence Seidel today received a telegram from El Paso, Texas, inviting her to make flights in that city on October 24, 25 and 26. The El Paso people offered her \$1000 for the three flights, but Mrs. Seidel was obliged to refuse the offer as she has signed up with a large moving picture concern of Los Angeles.

Yes, Sir—As Good as New THAT'S WHAT YOU WILL SAY AND THE WAY YOU WILL FEEL ABOUT YOUR AUTO AS YOU TAKE IT OUT OF OUR REPAIR SHOP FOR THE FIRST, SECOND, THIRD AND SUCCEEDING TRIAL RUNS.

CONGDON MOTOR CAR COMPANY 415 North Main St.

The El Paso offer was a distinct compliment to Mrs. Seidel in view of the fact that she has not yet made what might be termed really professional flights, aside from the one in which she secured her pilot's license, and the one in which she met with an accident in Newport Bay. The latter flight, by the way, will soon be produced on the moving picture stage, Santa Ana having been chosen as the first place for production. Mrs. Seidel's machine, which was badly injured at the time of the up into the bay, is in good shape again, the repairs having been completed today.

EIGHT THOUSAND SMUDGE POTS IN LA HABRA GROVE

LA HABRA, Oct. 11.—The first extensive preparations for protecting citrus groves from frost are now being installed by the Sargent Brothers on their ranch here, as a precaution against a repetition of last winter's experience. Eight thousand oil smudge pots are in the equipment and four large tanks for holding crude oil or other oil are to be constructed at convenient points on the grove properties. The plan is eliciting much interest on the part of La Habra growers.

WAREHOUSE IS DESTROYED

Hay Worth \$1200 Went up in Blaze at Irvine Yesterday Afternoon

The old wooden warehouse at Irvine station on the Santa Fe burned down yesterday afternoon, and with it went its contents, about \$1000 in hay belonging to Miss Kate Munger, and a few tons belonging to the Irvine company. The warehouse belonged to the Irvine Co. Miss Munger's loss and the loss of the Irvine Co. are partially covered by insurance.

The fire started on the roof of the warehouse from sparks from a Santa Fe engine. The flames quickly burned through the roof, and sparks fell on the hay beneath.

The building was soon ablaze, and it was quickly concluded that there was no chance of saving it. The efforts of some thirty or forty men who gathered at the fire were turned toward saving the Irvine store building, occupied by Miss Munger's store. The wind carried sparks and flames in the direction of the store, which is across the street from where the wooden warehouse burned rapidly. Men got on the roof, and bucket brigade work kept water enough on the building to prevent the flames from getting started. So hot was the fire that windows broke and paint blistered and peeled on the store building. The men did good work, and it was by their efforts only that the building was saved.

Fortunately there was very little hay in the warehouse at this time. It would hold about \$40,000 worth of hay, but yesterday there was hardly \$1200 worth of hay there. It is hard to estimate the value of the building. It was built many years ago, and was formerly used as a grain warehouse, in the days when

the ranch produced lots of grain and no beans. Later the iron warehouses south of the crossing were built, and in those houses the beans are cleaned and stored. The old wooden warehouse was used for storing hay.

BOOSTING BONDS FOR NEW HIGHWAY

Fullerton News: There was an interesting meeting held at the La Habra school Tuesday evening, Oct. 7, at 7:30 o'clock. The property owners of La Habra and Brea felt that they must have improved roads and there was a mass meeting held to determine the class of road to be laid and the amount of the bonds it would be necessary to vote to get same.

Some fifteen of the prominent taxpayers of La Habra and Brea visited Fullerton and the Orange county highway work some days previous to this meeting, and seemingly came to the mass meeting with their minds made up that it would be necessary to vote \$60,000 worth of bonds along with the \$20,000 that is available from the county to have an asphaltic concrete pavement laid in two layers, five inches thick. This is the class of work that they saw on the main thoroughfare between Amridge and the Santa Fe railroad tracks in Fullerton, laid by the O. & C. Construction Company.

There was only one point on which there was any question at all, and that was whether the bonds should bear five or six per cent interest. After some little discussion it was unanimously decided to vote a 6 per cent twenty-year bond because of the fact that if money comes easier when these bonds are ready for the market they will bring an attractive premium.

The meeting closed with good will to all after adopting the slogan, "Hurry Up the Bond Election." Among those who addressed the meeting were: W. T. Brown, of Fullerton; Fred Aldrich, chairman of the meeting; Mr. L. M. Chandler, district manager of the Barber Asphalt Paving Co.; Messrs. Fred Osburn and F. W. Creswell of the O. & C. Construction Co.; Sullivan, Tallman, Culp & Marble; Thuit, J. G. Launer, Bishop and others of La Habra and Brea. In all about sixty taxpayers attended the mass meeting.

NEEDS MONEY TO BUY SITE

Bay City District Has a Committee Looking for Place for School

Bay City residents want a schoolhouse. They want to vote bonds. The only trouble is that their assessed valuation is such that they cannot vote bonds enough to buy a site from the Bay City Land Co. and have anything left with which to build a schoolhouse.

Under the law the district can bond itself for only five per cent of its assessed valuation. That would raise \$1300.

At a mass meeting Thursday evening, County School Superintendent Mitchell advised the people to have at least an acre of land. An acre of land at Bay City is worth \$12,000. At least that is what an acre would come to at the prices asked for town lots.

The result of the meeting was that a committee, George Patterson, and Richards was appointed to negotiate for an option on a site. There are good sites that Hellman owns that ought to be secured at acreage rates. After the committee sees what luck it has, the bonding question will be considered further.

EY ALMOST CHOSEN FIRST VICE-PRESIDENT

Mayor Frank Ey was nominated for first vice president of the California League of Municipalities, at the convention held at Venice this week, and came within two votes of defeating Mayor Alva Snow of Fresno for the place. Snow got 28 votes and Ey 26. The election was held at an unfortunate time for Ey, as nearly all of the Orange county delegates had gone home. Had the election been held Thursday instead of Friday morning, Mayor Ey would have been chosen.

He was nominated by City Clerk Joseph C. Burke of Santa Ana. During the last year, Mayor Ey was second vice-president of the league.

BONDS CARRY FEW AGAINST

Newport Beach Will Now Be Able to Make Extensions in Mains

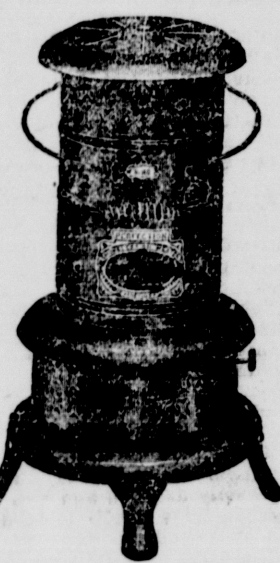

NEWPORT BEACH, Oct. 11.—The election held to vote on the water works extension bonds excited but little interest, it being a foregone conclusion that the bonds would carry, so only about a third of the total vote of the city was polled. The bonds carried by a vote of 138 to 5 and will give the trustees \$25,000 with which to buy a new eight-inch main from the pumping plant to Balboa and make other extensions in the city water system.

TALBERT NEEDS STATION AT CROSSING

P. E. is Going to Check up the Travel Before Reaching a Decision

TALBERT, Oct. 11.—A petition has been signed and presented to the authorities of the Pacific Electric company for the erection of a waiting station at Talbert suitable to the demands of the public. The manager of the company has given out the information that as soon as the travel is checked up they will take action on the matter. If the travel justifies it they will build; if not, they will pay a part of it provided the public will pay the remainder. There is no place on the road that needs a waiting station more than right here at Talbert.

The contractors are hauling the material to build a \$15,000 concrete bridge over the Santa Ana river on the Talbert road.

J. O. Harper is building a barge for the Talbert Dredger, which will be used out near the ocean.

Mrs. J. J. Townsley has been spending the week with her sister, Mrs. Edith McFarland.

The Southern California beet dump was closed last Monday in order to put down a new floor on the dump.

Last Sunday night at the local church, Rev. Wm. J. Burtcher, pastor of the Methodist church at Old Newport, occupied the pulpit.

W. H. Mathews has accepted a position with the Newport Drainage District to operate their machine.

Mrs. Will Carter of Long Beach is spending this week with her sister, Mrs. S. E. Talbert.

Rev. A. B. Waldrep attended the preachers' meeting at Los Angeles last Monday. This was the last meeting that will be held before the annual conference which convenes in Santa Ana Oct. 22.

The beet haulers are not rushed so much now in view of the fact that most of the crop has been harvested.

The celery growers are very busy working the celery now, and it is looking fine. From all appearances the crop promises to be an exceptionally good one.

DRYS ARE GOING TO CHECK REGISTRATION OF MOTHER COLONY

Revs. R. H. Young and A. B. Markle Are Going to Go Over the Affidavits

About 1000 Names Have Been Added to the Great Register Recently

On Monday Rev. R. H. Young and A. B. Markle, representing the anti-saloon forces of Anaheim, are going to be at County Clerk Williams' office to check over the Great Register.

It seems that nearly 1000 names have been added to the big affidavit books since the wet and dry fight opened up, and one of the dry leaders is authority for the statement that of that 1000 the wets have 200 or more the best of it in numbers.

In asking the county clerk if they were allowed access to the original affidavits, Rev. Young stated that it was the intention to keep a lookout for illegal registrations, if there be any. The county clerk told the committee that the affidavits are public records, open to inspection to anyone.

COLUMBUS DAY

The American people have never been strong on holidays. Formerly the farm boy scarce expected to get July 4th off the hay-field. Even now many merchants in small cities keep stores open holiday mornings.

Columbus day, now a legal holiday, Oct. 12, in twenty-four states, is the latest in the family of popular celebrations. To many industrious persons, a public holiday is an occasion of popular dissipation, at the best a time when people take wearisome jaunts, unfitting themselves for work. To them the growing observance of this October festival means simply stoppage of production, loss of wages for working people, and the waste of purposeless loafing.

To elderly people who remember when there were few holidays and no vacations, often twelve-hour periods of work in factories, present day habits of loafing seem absurd. They forget that in the simple old times, while there was a great persistence in labor, there was little speed. The man who could stop an hour at the bench to gossip with his neighbors took his holidays as he went along.

In these days of efficiency when every motion is timed to the revolutions of machinery or the office clock, the human body is under severe strain. There are none too many breaks. A day in the weeds may leave the escaped worker tired at night. But a wholesome break has been made in the grey monotony of toil.

As for the occasion that draws one out in the sunshine, it makes little difference. Christopher Columbus is worthy of any honors that may be offered to him by those who recognize the real significance of the day. In a time of ignorance and fear, he stood for enlightenment, progress, and heroism. Had this continent been properly named, it would have been called Columbia instead of America.

A WORD FOR THE HUNTING SEASON

When the white people came to this country, they found it overflowing with wild life. Flocks of wild pigeons were so great that they obscured the sun; they were hours passing a given point, and one could not see either edge of the flock. Buffalo roamed nearly the entire country.

Today the wild pigeon and the buffalo are gone. A large share of the pigeons were killed in the name of sport, and many were fed to hogs. Buffalo were killed for their skins and their meat was left to rot on the prairie.

Today the wild turkey, the sand hill crane, the wild goose, the ruffed grouse, the woodcock, the wood duck, and the canvasback are on their way to extinction. Organizations of sportsmen are doing fine work in educating public sentiment against this waste, and in canvassing legislatures. They are demanding shorter open seasons, prohibition of the sale of game at all times, laws against repeating shot-guns, etc. Every man who goes into the woods this fall should kill sparingly, remembering how our great national heritage of wild life has been squandered, and how nearly our woods have become tenanted.

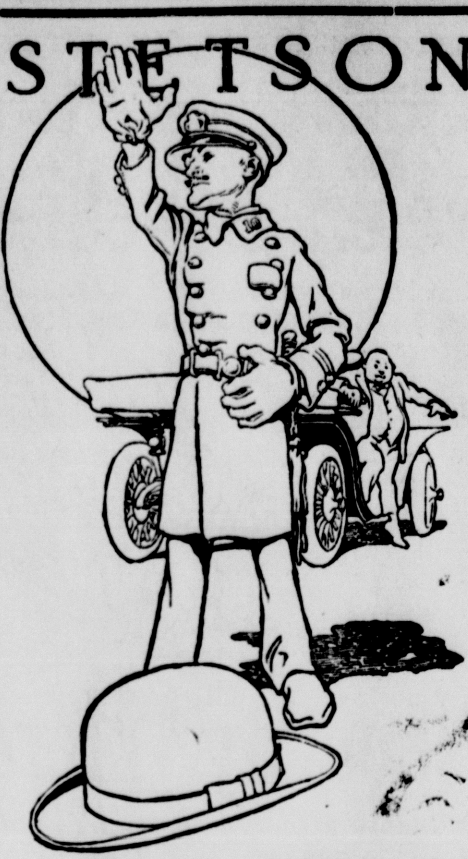

The taxpayer should find wild life too valuable an asset to be slaughtered indiscriminately. Destruction of useful birds costs the country hundreds of millions in the ravages of insect pests. Furthermore, should existing game birds become extinct, there will be a demand from sportsmen for the restocking of the covers with foreign varieties, a proceeding that will involve heavy charges. Better save the birds now living!

The forest from which wild life has been exterminated is as dreary as a house without human beings. Game is gradually being driven toward remoter refuges. Unless the remnant left is carefully preserved, hunting by another generation will be mostly a memory.

SANTA ANA, PURGE THYSELF

(From the Anaheim Herald)
After consulting the U. S. Internal Revenue records, kept at Los Angeles, the Herald last week expressed the strong belief that Santa Ana did not have blind pigs, and certainly not to the number of sixteen, as the Wets of Anaheim were claiming.

Now come forward Wets in this city and declare that there are blind pigs at Santa Ana, for they have seen them, and drank in them. Other Wets here say, "We know there are several pigs in Santa Ana because we supply

STETSON HOLD up a minute! You are a *Stetson* wearer yourself and you know just how he feels about his *Stetson*. them with liquor."

Santa Anaites, what are you going to do about these "Wet" charges? The Herald urges you to consider the question seriously, for the Anaheim Taxpayers' League—some members of which declare they are stocking up your pigs—say (in full page advertisements), that blind pigs are awful creatures. They call the little fellows "dangerous, vicious and villainous."

And, listen, the Wets here tell us that our city will be infested with vicious and villainous pigs, if we vote out the saloons. They say the question is one of saloons or blind pigs in Anaheim, and they are exploring our mothers to save their SALOON-SOWS.

And here is what seems to be going on in your city: Certain law violators there and Wets here are striving to so infect your city with "vicious pigs," that soon the hue and cry will go forth that it were better to have regulated saloons than the terrible conditions existing under your no-license ordinance.

Santa Ana, beware; the "gobblins" will get you if you don't look out. If you can't get rid of the "pigs" any other way, you had better vote dry under the Wylie law. Said law declares that "pigs" are nuisances, and so it would be up to the county officials to handle the cases.

You know the result. The "pigs" would be abated in short metre. But the Herald believes thou wilt "purge thyself" without waiting for the formalities of an election, a la Wylie.

Quick Help to Backache and Rheumatism

FORTY THOUSAND

Home seekers, it is estimated are now pouring into Los Angeles. Five hundred dollars each means twenty million dollars fresh capital, new blood, new capital to be absorbed by the surrounding country.

SANTA ANA

has never before had so many substantial inducements to offer, isn't that true? Some one is going to buy my home, 2229 North Main St., at a bargain. 9 rooms, cellar, large screen porch, good barn or garage, lot 80 ft. front, 280 ft. deep, variety of fruit and shrubbery and the largest redwood tree in Southern California.

I must go to Templeton where we are developing an orchard of pears, apples, cherries, apricots, walnuts, and almonds.

THIS IS THE WAY IT WORKS

Two families from Wamago, Kansas, came to Tustin this week to make their home here: Mr. and Mrs. Geo. Casson and family, who have taken the Hubbard house on Laguna avenue, and Mr. and Mrs. Roy Perrine and family from the same place, who have taken the Martin home on Mitchell avenue.
These families had mailed to them each a copy of the Orange County Quarter-Centennial edition of the Santa Ana Register when it was first issued and at once decided to come.
Mrs. Casson is a sister of Mrs. W. A. Jones and Mr. S. E. Tingley, both of Tustin.

When you want to entertain your friends with a dinner, card, or dancing party, don't go to the trouble and expense of having it at home. Go to Taylor's. We will furnish the room, music and service cheaper than you can, besides the trouble. We will be pleased to consult with you at any time.

WOMEN WHO GET DIZZY
Every woman who is troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Gaines, of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good." Just try them. 50c and \$1.00 at all druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

Our Tustin News Letter

New Arrivals
Two families from Wamago, Kansas, came to Tustin this week to make their home here: Mr. and Mrs. Geo. Carson and family, who have taken the Hubbard house on Laguna avenue, and Mr. and Mrs. Roy Perrine and family from the same place, who have taken the Martin home on Mitchell avenue.

These families had mailed to them each a copy of the Orange County Quarter-Centennial edition of the Santa Ana Register when it was first issued and at once decided to come.

Mrs. Carson is a sister to Mrs. W. A. Jones and Mr. S. E. Tingley, both of Tustin.
Rally Week Ended
The prayer meeting rally was held at the Presbyterian church Thursday night and on Friday evening the Sunday school association was addressed by Rev. Geo. C. Butterfield, a former pastor of the Tustin church. Rev. Butterfield is the Synodical Sunday School missionary and presented the work in a clear light as to its importance, urging the Tustin people to spend more money for a better equipment for this work from which some eighty-two per cent of all those who join the church.

The social hour following this address ended the exercises of Rally Week.
Missionary Talk
At the Advent Christian Church last night Dr. C. A. Powell of Boston, Mass., gave a very interesting talk on the work of that church in China and especially of the church in Nankin, which was established sixteen years ago. The work has been evangelistic and educational but they are now establishing medical missions.

Dr. Powell and his wife are going to China in November and their plan is to do medical missionary work around the Chow lake, which is sixty miles around and dotted with villages where the people are full of superstition and ignorance, but are eager to hear the good news of the gospel.

W. C. T. U. Meeting
The Tustin W. C. T. U. meeting was held Thursday afternoon with Mrs. Harry Lewis.
The meeting was opened with the usual practice of new songs; Mrs. Shatto read the 2nd chapter of Philippians and all joined in the Lord's prayer.

The roll call was responded to, the minutes of previous meeting read and approved. The treasurer's report was read and stated that in addition to the \$5.00 donated to the Anaheim campaign, Mr. C. E. Utt, one of their honorary members, had given \$10, making the amount \$15 for the Anaheim campaign.
The matter of the annual teachers' reception was brought up and discussed. Committees were appointed to make arrangements for this reception.

A letter from Walter Rawlings, who is now at Berkeley University, was read. It was written to the president, Mrs. Shatto, who is his Sunday school teacher. Knowing that she was most interested in temperance.

subjects, his letter was about the customs, rules and laws regulating the sale of liquors. He gave some interesting statistics about fraternities. In fraternities where stimulants are allowed and used, an exceedingly small percentage ever graduate. A story was read by Mrs. Utt and the hour for adjournment arrived.

Junior Christian Endeavorers
Last Sunday afternoon Messrs. A. E. Bennett, E. J. Cranston, P. H. Ebel and Mr. Awe each with his automobile filled with children who belong to the Junior Christian Endeavor Society went over to Anaheim to have them attend the county convention. A special meeting was held that afternoon for the Juniors. It is needless to say the little folks enjoyed the trip.

Farewell Party
Mrs. Harry Lewis gave a delightful afternoon tea last Monday afternoon in honor of Mrs. C. A. Miller on the eve of her departure for the east. Mrs. Lewis and Mrs. Miller are next door neighbors on Fourth street and both have lovely homes. Fourteen friends enjoyed the afternoon together. They gathered round the table with covers laid for that many. A typical Halloween tea was served. The table cloth and other appointments were decorated with black cats, pumpkins, witches with brooms, and brownies.

Mrs. Miller's friends were glad of this opportunity to wish her a successful journey and safe return.
Tustin Twelve
The Tustin Twelve will hold their first meeting after the summer vacation with Mrs. Fred Poole next Tuesday afternoon.

AT THE COURTHOUSE

REAL FIGHT IS OVER \$25,000 ESTATE

So Says Attorney for Girl Who Does Not Want to Go to Father

UP TO LOS ANGELES SUPERIOR COURT

Man Arrested Charged With Impersonating Officer—Court Actions

A fight for the possession of Elizabeth Micklejohn, aged 16, commenced in the superior court here, will be continued in the Los Angeles superior court.

Matthew C. Micklejohn, a merchant tailor, wants the girl to live with him in Los Angeles. The girl wants to live with her step-mother at Balboa.

This morning Attorney Saunders of Los Angeles charged that Micklejohn's anxiety to keep control of his daughter might be because she has an estate of \$25,000, of which Micklejohn is guardian.

Micklejohn is also guardian of the person of the girl, and upon that ground Attorney Dockweiler this morning made good his contention that Judge Thomas, before whom the girl was brought on habeas corpus proceedings, had no jurisdiction in the matter of change of guardianship, and he therefore granted the writ and remanded the girl to the custody of her guardian father.

Attorney Saunders wanted the judge to accept jurisdiction, and have some other person of the father named as guardian of the girl and her \$25,000 estate.

An exciting incident in Micklejohn's efforts to get the girl was recited. It seems that the girl went to Balboa Island, where her step-mother, who is separated from her husband, lives. Micklejohn and a clerk from Dockweiler's office named Tracy went to the place and demanded the girl. Mrs. Micklejohn says Tracy said he was a sheriff, and when she demanded to see his star he said he had it at home. Tracy has been arrested on a charge of impersonating an officer.

rested on a charge of impersonating an officer. The complaint is filed in City Recorder Wallace's court at Newport Beach, and may be dropped there, as Mrs. Micklejohn's residence is outside the city limits of Newport Beach.

Saunders declared that the girl does not want to live with her father, because she has been made to do work beyond her strength and endurance. She is a slenderly built girl, and appears not to be strong. Saunders alleged that her older brother often took her by the arm and compelled her to mow a 100-foot lawn for him.

Suits on Notes
J. H. Maley has brought a foreclosure suit against C. W. Elston, naming lot 12 and part of lot 11, block A, Hutchins addition as the property mortgaged. The note was for \$1000, signed March 7, 1912. Keech & Davis represent the plaintiff.

A friendly suit has been brought by Samuel Ross with S. M. Reinhaus as attorney against Ida B. King as administrator of the estate of Charles H. King. The note is for \$800, signed March 25, 1910.

Under Adversement
Judge West heard arguments on the motion of Attorneys Williams & Rutan to set aside the information charging Calvert Duke with running an automobile over Everett Thompson of Orange. Williams asserts that the state law is unconstitutional in that it is class legislation against automobilists. District Attorney West contended that the information should stand. The matter was taken under advisement.

Judge Thomas heard arguments in the case of Schroeder against Smith & Miner, an action on an accounting. The case is now under advisement.

Unable to Agree
The jury that tried John Belty on a charge of incest was unable to reach a verdict, and when discharged by Judge West stood eight for acquittal and four for conviction. Belty is still in jail and may be tried again. Should he be found guilty, Attorney Tarver expects to take the case to the supreme court.

LOVE OF BABY DECIDES CASE

Mrs. Lopez Finds She Cannot Get Along Without the Little Chap

Question of Care of Abandoned Child Finds Its Own Way Out

Little baby arms that reach about one's neck, the feel of a baby's warm body close to yours—there is nothing that winds its way to the heart like that.

Mrs. Tony Lopez found it so. A month ago a mother left with her a 14-month-old boy—little Jack Meyers—while the mother continued on the road with a carnival company. The mother promised to pay \$5 a week to Mrs. Lopez for the care of the baby.

No money came, and no word was heard of the mother. Mrs. Lopez was convinced that the mother had abandoned her baby.

She reported the matter to Judge Thomas of the juvenile court, and after inquiring into it, the judge ordered that the child be cared for by the county at the Detention Home. In the meantime search would be made for the mother.

The little fellow had been at the Lopez home only a month, but in that month he had become so much a part of the household that the family did not realize how important he was until he was not there.

Mrs. Lopez's heart yearned for the baby. How the mother could have given him up as she did—that was a question that Mrs. Lopez cannot understand.

Today she arrived at the court-house, and she told Judge Thomas how she had missed the baby. She wanted him back, and she would care for him without pay rather than have him go.

The order was given, and Mrs. Lopez, with the baby held fondly in her arms, is happy.

IN THE JUSTICE COURT

WARRANT OUT FOR CHAMBERS

Man Who Drove Ice Wagon for Taylor's is Accused of Felony

W. C. Chambers is not to be found in Santa Ana. If he were, City Marshal Jernigan would have him on a charge of forgery, the name of J. E. Taylor to a \$40 check, passed upon G. Bert Wallace of the Ohio Grocery on West Fourth street.

Chambers was a driver of an ice wagon for the J. E. Taylor Co. His employment there ended two or three days ago. Chambers and his wife had rooms at the Bradley at the corner of Broadway and Fourth street. He owed the Ohio Grocery \$10. He presented a check for \$40, drawn on the First National Bank and written upon one of the cannery company's

blank checks. The name of J. E. Taylor was signed as the representative of the company.

The date on the check was Oct. 4. It was made out to Chambers, and was accepted by Wallace yesterday. This morning he discovered that it was a forgery. Acting upon that information, he swore to a complaint.

German East Africa
The territory known as German East Africa borders on the Indian Ocean between 5 degrees and 11 degrees south latitude and extends into the interior of Africa as far as Lake Tanganyika. It is about 700 miles long and 600 miles wide, and embraces an area of approximately 384,000 square miles, equivalent to the combined area of Texas and New Mexico.

J. P. Morgan's Start
Probably the late J. P. Morgan's first attempt at finance took place in Boston. His school teacher gave him money to buy erasers. Young Morgan was gone a long time. When he returned he handed the teacher the erasers and some change. "What's this for?" asked the teacher. "I gave you just enough to buy the erasers." "Oh," replied young Morgan, "I went round town until I could find a place to buy at wholesale."
